DISCLAIMER:

The Speaker Repair Center uses only the highest quality aftermarket or manufacturer direct(higher cost option) replacement parts to recone or refoam your speakers. Please understand that your speakers appearance may not exactly match the original speakers look but the sound performance will be consistent. Slight variations in color or surround due to production inconsistencies or environmental considerations (i.e. sunlight) may also cause slight differences cone to cone. Please rest sure that we do our best to bring your speakers as close as possible to their original appearance and sound Note if a speaker repair is not paid for within 30 days we will consider it abandon and it will become property of Speaker Repair Center.
